

"UNTIL ONE HAS LOVED AN ANIMAL, A PART OF ONE'S SOUL REMAINS UNAWAKENED" - ANATOLE FRANCE | SALANDER FROM ALBERTA

— *Award-Winning* —
**BIOLOGICALLY
APPROPRIATE**
FOODS AND TREATS
For **CATS**

OUR MISSION. *Clear AND Strong.*

TRUSTED BY PET LOVERS EVERYWHERE.

Since our humble beginnings in 1985 in the small town of Barrhead, Alberta, we've been making **BIOLOGICALLY APPROPRIATE** dog and cat foods for Pet Lovers who expect the highest quality. Made with an unmatched variety of ranch-raised meats, cage-free poultry, wild-caught fish, and sun-ripened fruits, vegetables, and botanicals, we use Fresh Regional Ingredients from close to home, grown and raised by people we know and trust.

Frank Burdzy, President & CEO
CHAMPION PETFOODS LP

BIOLOGICALLY APPROPRIATE

Our foods mirror the richness, freshness, and variety of WholePrey meats that cats are evolved to eat.

FRESH REGIONAL INGREDIENTS

We focus on ingredients that are raised by people we know and trust, and delivered FRESH or RAW.

NEVER OUTSOURCED

We don't make foods for other companies and we don't allow our foods to be made by anyone else.

WE MAKE BIOLOGICALLY APPROPRIATE CAT FOODS FROM FRESH REGIONAL INGREDIENTS.

AWARD-WINNING CAT FOODS

Our unwavering commitment to making — and never outsourcing — Biologically Appropriate cat foods from Fresh Regional Ingredients has earned us an international reputation for leadership and innovation, and more awards than any other pet food maker.

AWARD-WINNING BIOLOGICALLY APPROPRIATE CAT FOOD

LEADERSHIP AWARDS "FOOD INNOVATION"

For the first time in its history, Food in Canada magazine honoured a pet food maker with the 2014 Food Innovation award.

ALBERTA AWARD OF DISTINCTION

A prestigious award recognizing our outstanding business achievements, leadership and community contributions.

TOP PICK BEST CAT FOODS

Chosen for quality of ingredients, ingredient sources, formulas, reputation, and customer satisfaction. Only 163 formulas out of 1,759 come from trustworthy brands with high-quality, risk-free ingredients.

EXPORT AND CONSUMER PRODUCT AWARDS

Two prestigious awards, including Exporter of the Year and the Consumer Products award recognizing our innovative approach to pet foods.

PET FOOD INNOVATION AWARD

Recognizing our pioneering approach to producing innovative Biologically Appropriate foods.

"A CAT HAS ABSOLUTE EMOTIONAL HONESTY. HUMAN BEINGS, FOR ONE REASON OR ANOTHER, MAY HIDE THEIR FEELINGS. BUT A CAT DOES NOT."
-ERNEST HEMINGWAY | COWBOY FROM SASKATCHEWAN

**NEVER
OUTSOURCED.**

OUR RECIPES. OUR KITCHEN. OUR FOODS.

MOST CAT FOOD BRANDS ARE OWNED BY MARKETING COMPANIES THAT OUTSOURCE THEIR FOOD PRODUCTION TO THIRD-PARTY FACTORIES, WHICH MAKE MANY DIFFERENT FOODS FOR MANY DIFFERENT BRANDS.

WE DON'T MAKE FOODS FOR OTHER COMPANIES AND WE DON'T ALLOW OUR FOODS TO BE MADE BY ANYONE ELSE.

WE ARE PROUD OF OUR REPUTATION AND PASSIONATE ABOUT OUR FOODS.

That's why we prepare ORIEN in our own kitchen where we control every detail, from recipe development and food safety to ingredient sourcing and food production.

When you choose ORIEN, you can be confident your cat's food has been prepared with care, attention and trust.

Trusted
EVERYWHERE

At Champion Petfoods, we are dedicated to the highest standards of authenticity, nutritional integrity and food safety.

ORIEN meets the strictest standards anywhere, including the Government of Canada, the European Union, and the United States Department of Agriculture.

MAINUL AND THERESA, COMMITTED TO QUALITY ASSURANCE AND FOOD SAFETY.

NORTHSTAR OUR AWARD-WINNING KITCHEN

LOCATED AT THE NORTHERN CELESTIAL POLE, THE NORTH STAR IS KNOWN THROUGHOUT HUMAN HISTORY FOR HOLDING STILL IN THE SKY WITH THE ENTIRE NORTHERN SKY REVOLVING AROUND IT.

The North Star has come to symbolize our Canadian kitchen, representing a beacon of excellence in the global pet food industry. Located in Northern Alberta, Canada, and purpose-built to advance our Biologically Appropriate mission, NorthStar is the most advanced pet food kitchen in Canada.

Equipped with unmatched fresh meat capabilities, NorthStar features exceptional Fresh Regional Ingredient capabilities with capacity for holding over 50 fresh regional meat ingredients, 10 whole vegetables and fruits, and six varieties of botanicals.

Resolute in fulfilling our mission, our NorthStar Kitchen prepares ORIEN and ACANA foods only — no other brands, no private label.

SAFE FOODS

Built to reflect our commitment to Pet Lovers, our NorthStar Kitchen meets every international food safety standard, including the European Union and United States Food and Drug Administration (FDA). Our NorthStar Kitchen has the internationally recognized Safe Feed/Safe Food (SFSF) certification. We practice standards expected of the human food processing industry.

Innovation
OUR BIOLOGICALLY APPROPRIATE RESEARCH AND INNOVATION CENTRE

JENNIFER AND ARSHDEEP, COMMITTED TO INNOVATING OUR AWARD-WINNING FOODS. STATE-OF-THE-ART BAFRINO RESEARCH AND INNOVATION CENTRE, MORINVILLE, ALBERTA.

OUR COMMITMENT TO INNOVATION HAS NEVER BEEN STRONGER.

Adjacent to our NorthStar Kitchen, our Biologically Appropriate Research and Innovation Centre is a state-of-the-art innovation hub focused on advancing our award-winning foods in four areas:

1. BIOLOGICALLY APPROPRIATE

Aligned with our drive for innovation, we are dedicated to the continual advancement of our Biologically Appropriate foods.

2. FRESH MEAT TECHNOLOGIES

Low-temperature meat separation technologies enable us to include far more fresh meats in our foods than conventional kitchens.

3. FOOD PERFORMANCE

Starting with raw liver and tripe, our pilot freeze-drying and hydrolyzing technologies enhance ORIEN's all-natural flavours.

4. VALIDATION AND NUTRIENT TESTING

Our sophisticated on-site laboratory sets the standard in verifying safety and nutritional properties of our foods.

OUR BIOLOGICALLY APPROPRIATE *philosophy*

BIOLOGICALLY APPROPRIATE FOODS MIRROR THE FRESHNESS AND VARIETY OF MEATS THAT CATS AND KITTENS ARE BUILT TO EAT.

The Near Eastern wildcat is the ancestor and closest relative of all domestic cats, and while years of breeding have produced hundreds of 'different-looking wildcats', the internal workings – and nutritional requirements – of wild and domestic cats have not changed.

That's why ORIJEN features 85% meat in richly nourishing WholePrey ratios, and excludes GMOs and plant proteins that are common in today's cat foods, but don't belong in your cat's natural diet.

MODERN CATS ARE BUILT LIKE THEIR ANCESTORS. WE BELIEVE THEY SHOULD EAT LIKE THEM TOO.

"OF ALL THE THINGS GOD CREATED, CATS ARE THE MOST FASCINATING TO ME." — JAROD KINTZ | SALANDER FROM ALBERTA

BIOLOGICALLY
APPROPRIATE

PRINCIPLES

THESE FIVE PRINCIPLES REFLECT OUR
BIOLOGICALLY APPROPRIATE COMMITMENT

1

RICH IN MEAT AND PROTEIN

To meet your cat's biological need for a meat and protein-rich diet, ORIJEN is loaded with 85% meat (three or four times as much as conventional cat foods) and is free of inappropriate plant concentrates like potato or pea protein.

2

FRESH MEAT INCLUSIONS

Unrivaled by any other dry cat food, two-thirds of the meats in ORIJEN are FRESH or RAW, providing essential nutrients in their most nourishing form and the goodness all cats instinctively crave.

3

AN ABUNDANT VARIETY OF MEATS

In nature, cats benefit from an assortment of foods, so ORIJEN features an unmatched diversity of fresh free-run poultry, cage-free eggs, free-range meats, and whole wild-caught fish.

4

WHOLEPREY MEAT RATIOS

Nature matched the nutrients in whole animals to perfectly meet your cat's needs. ORIJEN's WholePrey ratios of fresh meat, organs, and cartilage or bones mimic Mother Nature, virtually eliminating the need for synthetic ingredients.

5

CARB-SMART

Your cat's natural diet contains few, if any, carbohydrates. That's why ORIJEN limits carbohydrates and replaces fast sugars like potato and tapioca with whole fruits and vegetables such as fresh pumpkin and squash.

BIOLOGICALLY APPROPRIATE

RULE NO.

Rich in MEAT AND PROTEIN

VICKY AND SHAYNE OF TANGLE RIDGE RANCH IN THORSBY, ALBERTA. TRUSTED SUPPLIERS OF FRESH RANCH-RAISED LAMB.

85% MEAT

up to 44% PROTEIN

DOMESTIC CATS ARE NOT ONLY CAPABLE OF EATING THE FOODS OF THEIR ANCESTORS, THEY REQUIRE IT FOR PEAK HEALTH.

All cats have sharp teeth and bodies built to metabolize protein and fat from meat. Loaded with 85% nourishing meat ingredients, all from animals deemed fit for human consumption prior to inclusion in our foods, ORIJEN nourishes cats according to their biological needs.

2/3 OF MEATS ARE FRESH OR RAW

ORIJEN'S AUTHENTICALLY FRESH AND RAW MEATS ARE BRIMMING WITH PROTEINS AND FATS IN THEIR MOST NATURAL AND NOURISHING FORM.

Fresh | The only way we preserve our fresh meats is through refrigeration — no preservatives.

Raw | We flash-freeze our raw ingredients at peak season to preserve goodness — no preservatives.

1/3 OF MEATS ARE GENTLY DEHYDRATED

CONVENTIONAL MEAT MEALS ARE RENDERED AT HIGH TEMPERATURES FROM WASTE BY-PRODUCTS UNFIT FOR HUMAN CONSUMPTION.

LOW TEMP 90°C Our dried meats are prepared at 90°C, from raw meats, concentrating their goodness into a rich source of protein that cannot be supplied by raw meats alone.

DRIED POULTRY | Prepared from raw chicken, turkey, and duck, with additional liver and kidney, exceeding the industry standard of bones and scraps.

DRIED MEATS | Prepared from raw lamb, beef, goat, pork, and mutton, with additional liver, kidney, and tripe, surpassing the industry standard of bones and offal.

DRIED FISH | Prepared from raw, whole, wild-caught fish, surpassing the industry standard of bones and trimmings.

10 TOP 10 FRESH OR RAW

FRESH MEATS ARE THE FOUNDATION OF OUR AWARD-WINNING ORIJEN FOODS.

A full two-thirds of the meat, fish, poultry, and eggs that go into ORIJEN are FRESH or RAW, so they're brimming with protein and fat in their most nourishing form.

To preserve the natural goodness and health benefits of our fresh meats, our NorthStar Kitchen features state-of-the-art, low-temperature cooking techniques to prepare ORIJEN foods.

PLANT PROTEIN CONCENTRATES ARE INCREASINGLY COMMON IN CAT FOODS.

Many cat foods feature pea and potato protein concentrates that raise protein levels, so they appear more wholesome than they really are.

The problem is that plant concentrates are low in the essential amino acids cats need, so these foods rely on heavy synthetic amino acid supplementation.

Prepared with 85% meat, ORIJEN naturally contains virtually every amino acid required for your cat's peak health.

85% MEAT INCLUSIONS*

*Except for ORIJEN freeze-dried treats (100%)

JAMES OF KELTIC SEAFOODS IN PORT HARDY, BRITISH COLUMBIA. TRUSTED SUPPLIER OF FRESH WILD-CAUGHT PILCHARD.

2 RULE NO. BIOLOGICALLY APPROPRIATE

Unmatched FRESH MEAT INCLUSIONS

2/3 OF MEATS ARE FRESH OR RAW

1/3 OF MEATS ARE GENTLY DEHYDRATED

ALL ANIMAL INGREDIENTS ARE PREPARED FROM MEATS, POULTRY OR FISH DEEMED FIT FOR HUMAN CONSUMPTION PRIOR TO INCLUSION IN OUR FOODS.

BIOLOGICALLY APPROPRIATE

RULE NO.

3

AN ABUNDANT Variety of MEATS

ROGER OF CANADIAN RANGELAND BISON IN LACOMBE, ALBERTA. TRUSTED SUPPLIER OF PLAINS BISON.

AN UNMATCHED VARIETY OF FRESH REGIONAL MEATS

CONSIDER THE VARIATION IN A CAT'S NATURAL DIET — EGGS TODAY, A BIRD TOMORROW, WHOLE FISH THE NEXT. THAT'S WHY A RICH VARIETY OF FRESH REGIONAL MEATS IS A KEY PRINCIPLE IN OUR BIOLOGICALLY APPROPRIATE PHILOSOPHY.

This essential variety of fresh whole meats delivers a natural balance of essential proteins and fats, but is often lost in conventional cat foods, which typically contain a single highly processed animal ingredient and rarely feature nutrient-rich organs and bones.

Biologically Appropriate ORIJEN is different. Loaded with up to 10 different fresh ranch-raised meats, free-run poultry, cage-free eggs, and whole wild-caught fish, ORIJEN provides cats with the richly nourishing diversity of protein and fat they need for peak health.

INGREDIENTS WE LOVE. PEOPLE WE TRUST.

YOU KNOW WHERE YOUR FOOD COMES FROM. WE THINK YOU OUGHT TO KNOW WHERE YOUR CAT'S FOOD COMES FROM TOO.

That's why we make ORIJEN in our own award-winning kitchen with fresh ingredients raised by farmers and fishers we know and trust.

ASTRID OF PINE PARK FARMS NEAR EDMONTON, ALBERTA. TRUSTED SUPPLIER OF FRESH FREE-RUN TURKEY.

Fresh from our Region

RANCH-RAISED MEATS

Raised naturally on farms in the heart of Canada's vast ranching country, our ranch-raised beef, wild boar, plains bison, grass-fed lamb and mutton, Yorkshire pork, ranch-raised goat, and venison are delivered fresh or raw, so they're bursting with goodness and savoury taste.

DEEMED FIT FOR HUMAN CONSUMPTION BEFORE INCLUSION INTO ORIJEN INGREDIENTS

FREE-RUN POULTRY AND CAGE-FREE EGGS

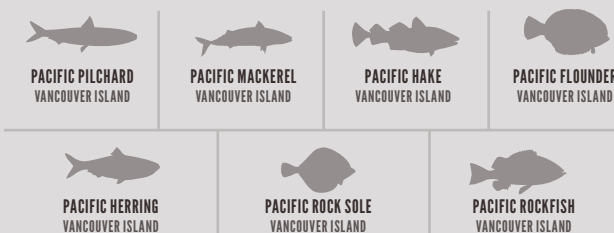

Raised free-run on prairie farms, our chicken, turkey, duck, and eggs are classified fit for human consumption and delivered fresh or raw so they're full of nourishing proteins and fats.

DEEMED FIT FOR HUMAN CONSUMPTION BEFORE INCLUSION INTO ORIJEN INGREDIENTS

SUSTAINABLE AND WILD-CAUGHT FISH

Sustainable and wild-caught off North Vancouver Island's pristine Pacific waters, our fish are whisked to our kitchen cold, fresh, flavourful, and whole.

DEEMED FIT FOR HUMAN CONSUMPTION BEFORE INCLUSION INTO ORIJEN INGREDIENTS

Whole Prey MEATS

"IF MAN COULD BE CROSSED WITH THE CAT IT WOULD IMPROVE THE MAN, BUT IT WOULD DETERIORATE THE CAT." — MARK TWAIN
DISCO FROM SASKATCHEWAN

**SUPERFOOD
FOR CATS**

OUR WHOLEPREY FOODS MIRROR THE DIET THAT MOTHER NATURE EVOLVED ALL CATS TO EAT — A RICHLY NOURISHING BALANCE OF MEAT, ORGANS, AND CARTILAGE OR BONES TO PERFECTLY MEET YOUR CAT'S NUTRITIONAL NEEDS, WITHOUT LONG LISTS OF SYNTHETIC ADDITIVES.

YOUR CAT'S ANATOMY REMAINS UNCHANGED.

NATURE MATCHED THE NUTRIENTS IN WHOLE ANIMALS TO PERFECTLY MEET THE NEEDS OF WILD AND DOMESTIC CATS.

WholePrey represents ORIJEN's commitment to nourishing cats according to their biological needs by incorporating meat, organs and cartilage or bones in ratios that mirror their natural diet.

Meat | Essential source of protein and fat as well as vitamins A, B, D and K, and copper, chromium, folic acid, iron, magnesium, potassium, selenium, and zinc.

Organs | Densely packed with virtually every nutrient your cat needs to thrive, including vitamins, minerals, healthy fats, and amino acids.

Edible Bone | A rich source of minerals like calcium, phosphorus, magnesium, and potassium in natural form your cat's body can easily absorb.

LIMITED ADDITIVES

IN NATURE, CATS AND WILDCATS MEET THEIR NUTRITIONAL NEEDS NATURALLY, BY CONSUMING WHOLE ANIMALS.

ORIJEN mirrors the evolutionary diet with WholePrey ratios that deliver nutrients naturally, reducing the need to add a long list of synthetic vitamins, minerals and amino acids, so only choline, zinc, and copper are added.

NOT ALL FRUITS AND VEGETABLES ARE CREATED EQUAL.

IN PLACE OF CEREAL GRAINS, ORIJEN FEATURES HEALTHY FRUIT AND VEGETABLES DELIVERED FRESH AND WHOLE FROM ALBERTA FARMS AND ORCHARDS.

ORIJEN features fresh-picked fruit from our region, whole and preservative-free, and excludes high grain inclusions or fruit and vegetables in powdered form.

WHOLE APPLES AND PEARS arrive fresh from our Alberta orchards to provide a rich source of phytonutrients and fibre.

WHOLE PUMPKIN AND BUTTERNUT SQUASH are fresh and loaded with healthy fibre and natural-source vitamins.

ALBERTA GREENS AND WHOLE CARROTS are nutritional powerhouses that are delivered fresh from Alberta farms.

**LOCAL GROWERS
WE KNOW
AND TRUST**

FROM APPLES TO SQUASH, WE FOCUS ON FRESH, WHOLE FRUITS AND VEGETABLES FROM PRODUCERS WE KNOW AND TRUST, LIKE KEITH OF SUNFRESH FARMS, TRUSTED SUPPLIER OF BUTTERNUT SQUASH IN EDMONTON, ALBERTA.

Fruits and Vegetables FRESH FROM OUR REGION

AWARD-WINNING Cat Foods

BIOLOGICALLY APPROPRIATE CAT FOODS

OUR AWARD-WINNING BIOLOGICALLY APPROPRIATE PHILOSOPHY REPRESENTS A NEW CLASS OF CAT FOODS, DESIGNED TO NOURISH CATS ACCORDING TO THEIR BIOLOGICAL NEED FOR A FRESH MEAT AND PROTEIN-RICH DIET.

TRUSTED BY PET LOVERS EVERYWHERE, ORIJEN IS THE FULLEST EXPRESSION OF OUR COMMITMENT TO BIOLOGICALLY APPROPRIATE CAT FOODS MADE WITH FRESH REGIONAL INGREDIENTS.

"CATS RANDOMLY REFUSE TO FOLLOW ORDERS TO PROVE THEY CAN." — ILONA ANDREWS | MINNIE FROM ONTARIO

ORIJEN CAT & KITTEN

MODERN CATS AND KITTENS ARE BUILT LIKE THEIR ANCESTORS. WE BELIEVE THEY SHOULD EAT LIKE THEM TOO.

That's why ORIJEN CAT & KITTEN is loaded with nourishing protein and fat from free-run chicken and turkey, wild-caught fish, and eggs, delivered FRESH or RAW in WholePrey ratios.

INGREDIENTS

Fresh chicken meat (18%), fresh turkey meat (7%), fresh eggs (5%), fresh chicken liver (5%), fresh whole flounder (4%), fresh whole herring (4%), fresh turkey liver (4%), fresh chicken heart (4%), fresh turkey heart (4%), fresh chicken necks (4%), chicken (dehydrated, 4%), turkey (dehydrated, 4%), whole mackerel (dehydrated, 4%), whole sardine (dehydrated, 4%), whole herring (dehydrated, 4%), chicken fat (3%), whole red lentils, whole green peas, whole green lentils, whole chickpeas, whole yellow peas, lentil fibre, whole pinto beans, whole navy beans, chicken cartilage (dehydrated, 1%), herring oil (1%), chicken liver (freeze-dried), turkey liver (freeze-dried), fresh whole pumpkin, fresh whole butternut squash, fresh whole zucchini, fresh whole parsnips, fresh carrots, fresh whole Red Delicious apples, fresh whole Bartlett pears, fresh kale, fresh spinach, fresh beet greens, fresh turnip greens, brown kelp, whole cranberries, whole blueberries, whole Saskatoon berries, chicory root, turmeric root, milk thistle, burdock root, lavender, marshmallow root, rosehips. ADDITIVES (per kg): Technological additives: Tocopherol rich extract of natural origin. Nutritional additives: Zinc chelate: 100 mg; Copper chelate: 11 mg; Choline chloride: 1200 mg. Zootechnical additives: Enterococcus faecium NCIMB10415: 600x10⁶ CFU.

ANALYSIS

Crude protein	40 %	Calcium/Phosphorus	1.4 % / 1.1%

Cat TREATS

Featuring the same meats, poultry, and fish as our award-winning dry foods, ORIJEN's treats are loaded with 100% free-run poultry, wild-caught fish, and ranch-raised meats. Containing only one calorie each, ORIJEN treats deliver taste and goodness to cats and peace of mind to their human companions.

100% MEAT AND ORGANS. 100% NATURAL.

ORIJEN cat treats feature 100% meat – included in Biologically Appropriate WholePrey ratios of meat, organs, and cartilage or bones to guarantee a pure and natural treat you can trust and that your cat or kitten will love.

"I REGARD CATS AS ONE OF THE GREAT JOYS IN THE WORLD. I SEE THEM AS A GIFT OF THE HIGHEST ORDER." — TRISHA MCCAGH | SALANDER FROM ALBERTA
